

Building Bridges:

TBHC Partnership Guide

CONNECTING FAMILIES, RESOURCES, AND COMMUNITIES TO
STRENGTHEN THE HOMESCHOOL JOURNEY.

Who We Are

TBHC began with a simple vision: building a stronger, more connected homeschool community in the Tampa Bay area.

Founded in 2023 by homeschool families, TBHC was created to connect, equip, and encourage the homeschool community through resources, events, and our annual conference. Because we are homeschool families ourselves, we understand the challenges parents face and the kind of support that truly makes a difference.

Today, TBHC serves as a connection point that brings together homeschool families and the organizations that support them. We believe strong homeschool communities grow when families and trusted organizations work together.
